2. I had a rather long discussion with [REDACTED] and Jim Garrison about research and development projects of over \$50,000. Most of our discussion centered around sole-source procurement, and I believe that I was successful in convincing [REDACTED] that our justification for using sole-source procurement must be good.

3. I approved of a DD/S&T proposal to make a grant of \$35,000 [REDACTED]

4. Emmett Echols reported that the National Civil Service League Career Service Awards will be presented to [REDACTED] and others on 14 April at the Sheraton Park Hotel. Mr. Kirkpatrick wants to invite USIB members, to write a letter to Presidents Truman and Eisenhower, and to have a cocktail party before the dinner. I told Emmett that I was very sympathetic to his problem, but inasmuch as I would be away on 14 April I thought that he would have to handle it himself or solicit Gates' assistance.

5. I had another meeting with Jack Earman, Matt Baird, and [REDACTED] on the Supervisors Course. We later talked with Mr. Kirkpatrick and agreed that we would run the first course for DD/S supervisors. It will last a full day and will take place sometime during the week beginning 6 April. We will then critique it and decide whether this or a different course should be run for supervisors of other components.

6. [REDACTED] Assistant Director for Central Reference, was in to request that I nominate someone to replace [REDACTED] as OCR Administrative Officer. He would particularly like [REDACTED] but requested other nominations if Brad cannot be made available. I told him that I would give this matter very serious consideration and would be in touch with him in a day or two.
